| Energy Efficiency Rating                    |          | Current                 | Potential |
|---|----------|-------------------------|-----------|
| Very energy efficient - lower running costs |          |                         |           |
| (92 Plus)                                   | <b>A</b> |                         |           |
| (81-91)                                     | <b>B</b> |                         |           |
| (69-80)                                     | <b>C</b> |                         |           |
| (55-68)                                     | <b>D</b> | 70                      | 78        |
| (39-54)                                     | <b>E</b> |                         |           |
| (21-38)                                     | <b>F</b> |                         |           |
| (1-20)                                      | <b>G</b> |                         |           |
| Not energy efficient - higher running costs |          |                         |           |
| <b>England &amp; Wales</b>                  |          | EU Directive 2002/91/EC |           |

THE CONSUMER PROTECTION REGULATIONS 2008 % THE BUSINESS PROTECTION FROM MISLEADING MARKETING REGULATIONS 2008.  
Please note that we have not tested any apparatus, equipment, fixtures, fittings or services and so cannot verify they are in working order or fit for purpose. The agent has not had sight of the Title documents. Referenced to the tenure are based on information supplied by the seller. A buyer is advised to obtain verification from their solicitor or surveyor. Furthermore, solicitors should confirm that items described in the sales particular are included in the sale since circumstances can change during marketing or negotiations. A final inspection prior to exchange of contracts is also recommended. Although we try to ensure accuracy, measurements used in this brochure are approximate, and prospective purchasers should check the accuracy of the measurements themselves.
